

Capgemini Belgium appoints new CFO

Published on September 26, 2008

On September 1st 2008, Erwin Verpoest was appointed as our new Chief Financial Officer. Erwin already works for Capgemini Group for 6 years now and takes in the place of Andy Berrens.

Before, he fulfilled the functions of Finance & Administration Manager and Controller Consulting Services for Capgemini Belgium. He can show important experience in various sectors, of which nine years in services.

Erwin says about his new function at Capgemini: “Capgemini is one of the international market leaders in consulting-, technology and outsourcing services. Within the Group, much attention is put in Capgemini’s values and the Collaborative Business Experience.” According to Erwin, Capgemini stands in front of a couple of challenges: “With the quick changing market circumstances within the areas Capgemini is active, the growing competition, globalization and the ever growing pressure for innovation, the keeping of our market position and the continuous growth are an interesting challenge for me.”
