

Financial Services Global Business Unit

Published on December 24, 2008

On January 1, 2009, Capgemini's Financial Services Global Business Unit (FS GBU) will welcome three additional countries: France, Switzerland and Belgium.

FS GBU

Capgemini's FS GBU was created on January 1, 2007, as the result of the acquisition of Kanbay. In two years, the FS GBU has come together as one organization including the FS communities from North America, UK, The Netherlands and India.

More specifically in Belgium, this means that the FS community of TS Belgium will be integrated in the FS GBU.

Kaeso De Jager, currently heading the FS GBU in The Netherlands - already part of the FS GBU -, has been appointed to set-up the Business Units in Belgium and Switzerland. He has built a new organizational model that will help our Capgemini FS community in Belgium to leverage the power of this global community.

To help Kaeso in the set-up of this new unit, a core team composed of Bart Dumon, Bernard Ghigny, Christian Fizaine, Geert Keustermans, Lambert Swillens, Luc Peigneux, Martine Mertens and Ajay Birdavade has been identified.

More information on the Capgemini Financial Services can be found on <http://www.capgemini.com/industries/financial/>.

TS SBU

All this implies that a "new" TS will address all other industries (Telco, Utilities, Manufacturing, Retail, Public,...). Besides his role as country CEO, Urbain Van Boven will lead TS with a core team, consisting of Marc Claessens, Piet Vanderhaegen, Luc Eykens and Pierre Lorquet.
